Indeco North America Celebrates 30th Year Anniversary

Three Decades of Enhanced Customer Responsiveness, Smart-Growth Business Strategies and a Never-Ending Commitment to Innovation Result in Special Milestone

MILFORD, CT, January 23, 2020 – [Indeco North America \(INA\)](#) is celebrating its 30th anniversary as a leading provider of heavy-duty, fuel-saving [hydraulic breakers](#), [mulching heads](#), compactors, pulverizers and [pedestal booms](#). INA has grown from a small sales and support company to an internationally recognized supplier of the finest hydraulic demolition attachments.

Bill Pankracij, Digital Marketing and PR Analyst at Indeco North America, remarked, “Indeco achieved this milestone through the hard work and loyal dedication of its employees throughout North America. It’s been an incredible journey for us to take as a business, alongside our customers and partners. We’re proud to report that our business is solid and that we are looking forward to the next 30 years that lie ahead.”

Today, thousands of Indeco North America demolition attachments can be seen on every type of carrier at every type of construction, recycling, mining or demolition site. Featuring one of the most complete lines of [hydraulic breakers](#), [mulching heads](#), [steel shears](#), [compactors](#) and [pulverizers](#), INA also backs its equipment with the industry’s most comprehensive supply of mounting brackets, tool steel, chisel paste and spare parts along with field-proven, world-class service and support. With a long history of technology firsts that are now accepted as industry standards; including the world’s largest hydraulic breaker, the HP25000 FS, Indeco North America remains uniquely qualified to service the needs of the demolition industry for the next 30 years and beyond.

ABOUT INDECO NORTH AMERICA

For over three decades, Connecticut-based [Indeco North America](#) has been a leading provider of heavy-duty hydraulic breakers, mulching heads, compactors, pulverizers and pedestal booms for demanding demolition, scrap, recycling, mining and road construction applications. The U.S. arm of Italy's INDECO Ind. SpA, the company oversees Indeco operations in the U.S., Canada, Mexico, and select South American markets with a diverse and broad range of products including the world's largest hydraulic breaker, the HP25000 FS.
